DRIVER COMMENTS

1. Gaurav GILL

I like this stage a lot, it is quite good, very fast, but still too much gravel, it's too loose.

2. Fabian Kreim

So far good. The stage has very deep runts and lot of loose gravel, but so far good.

3. Michael YOUNG

It's been good so far. We had a puncture in the last leg so probably the fight for second is over now. Now we should gonna keep third and make sure Takayama does not chase us..

4. Hitoshi TAKAYAMA

I feel so good, and will keep going in this pace, doing my best.

5. Satoshi IMAI

I am very happy because I am still on the road.

7. Sanjay TAKALE

This time was much faster, we are getting confident as the race goes on. We can see that on our time also.

8. Tomohide HASEGAWA

A trouble with my car prevented me driving fast, but I have to accept it. But my slowness is causing troubles to the car behind us. I feel so sorry for them.

11. Fuyuhiko TAKAHASHI

So far I had no problems. I think that is about it.

12. Wataru AONO

I always driving this stage, feeling good and enjoyed it. The road surface was good, too.

14. Hiroshi HOSHINO

The road is getting drier and at last, it is easier to drive.

15. Eiichi IWASHITA

The road surface is drier now, and easier to drive.

19. Takahiro KITAMI

We had our rear-left tyre burst and it damaged the parts supporting it. And that causes drifting badly to one side. I am relieved to finish this stage. By the way, the road condition of this stage is good.
